

2-Ply Facial Tissues

Procure Facial Tissues are constructed with two layers of soft, absorbent paper. This design enhances the strength and durability while maintaining a gentle touch on the skin. The 2-ply structure makes these facial tissues more resistant to tearing or breaking, providing reliable performance for various uses such as wiping the face, removing makeup, or handling everyday spills. With their added thickness and absorbency, 2-ply facial tissues offer a comfortable and reliable option for maintaining cleanliness and personal hygiene.

Features & Benefits:

- 2-ply facial tissues
- More resistant to tearing or breaking
- Gentle on the skin
- Not made with natural rubber latex (Latex-Free).
