

Isolation Gowns

(Poly Coated)

Isolation Gowns are designed to provide protection for healthcare workers and patients during medical procedures. These gowns are made from a lightweight and breathable material that is comfortable to wear for extended periods. They provide full coverage of the body and have long sleeves with elastic cuffs to ensure a secure fit.

Features & Benefits:

- Made of fluid-resistant and breathable material to prevent fluid penetration and increased comfort.
- Long-sleeved with knitted cuffs to provide a secure fit and prevent exposure of skin.
- Overlap at the back to provide full coverage and protection.
- Neck and waist ties for easy adjustment and a secure fit.
- Disposable and single-use to reduce the risk of cross-contamination and infection transmission.
- Not made with natural rubber latex (Latex-Free).
- Light non-woven material
- Available In blue and yellow
- Universal size and XL size available
- Lightweight SPP economy options available
