

Foam Cups

Foam Cups are a disposable tableware option that offers a lightweight and insulating solution for both hot and cold beverages. Foam cups also provide a comfortable grip and are often chosen for their cost-effectiveness and durability. Their lightweight design makes them convenient for on-the-go use.

The addition of lids with straw slots makes foam cups an excellent choice for those seeking a convenient and spill-resistant solution or a portable and hassle-free option.

Features & Benefits:

- Lightweight Design
- Insulating Properties
- Lids featuring straw slots offer a convenient and spill-resistant solution for enjoying beverages on the go.
- Disposable
- Available in 4 sizes
