

## Silicone Adhesive Tape

### *Use to Affix Wound Dressings*

**ProCure Silicone Adhesive Tape** is a gentle, flexible tape designed to securely affix wound dressings while minimizing skin irritation. Its soft silicone adhesive adheres comfortably to delicate or compromised skin, making it ideal for frequent dressing changes. Easy to apply and remove without causing trauma, it's a reliable choice for sensitive patients in clinical, home, or long-term care settings.

### ENHANCED PATIENT COMFORT

*Designed to allow the wound to breathe, minimizing skin and tissue maceration while maintaining a moist environment.*

*Not made with natural rubber latex.*

### Features & Benefits:

- Soft silicone adhesive for gentle, secure placement
- Non-irritating and easy to remove
- Ideal for securing dressings or medical devices
- Breathable material supports healthy skin integrity
- Perfect for sensitive skin or long-term applications
