

Signature

Skin Repair Cream with 1.5% Dimethicone

ProCure Signature Skin Repair Cream is designed to deliver maximum hydration while remaining light enough for daily use. It protects and helps relieve dry, chapped, or cracked skin, restoring moisture and promoting healing.

Formulated with Dimethicone, Aloe Vera, and a blend of natural and essential oils, this cream creates a moisturizing barrier that nourishes and rejuvenates the skin, leaving it soft and smooth.

Skin Repair Cream is
part of ProCure's
Signature
Skin Care Line.

Enriched
with
Aloe Vera
