

Adhesive Tape Remover Pads

ProCure Adhesive Tape Remover Pads make tape and dressing removal fast, gentle, and residue-free. Each individually wrapped pad is saturated with a blend of mild solvents that effectively dissolve adhesive residue without irritating the skin. Convenient and easy to use, they help reduce discomfort during dressing changes and leave skin clean and refreshed.

Features & Benefits:

- Gently removes medical tape and adhesive residue
- Helps minimize skin irritation and discomfort
- Individually wrapped for hygiene and convenience
- Leaves skin clean and ready for new dressing application
- Ideal for use in hospitals, clinics, and home care settings
