

Transparent Surgical Tape *Hypoallergenic*

ProCure Transparent Surgical Tape provides a secure, reliable hold while allowing continuous visibility of the skin or dressing site. The clear, breathable film promotes patient comfort and enables easy monitoring without tape removal. Its gentle, hypoallergenic adhesive adheres well to both skin and medical devices, yet removes cleanly without leaving residue. Flexible and easy to tear by hand, this versatile tape is ideal for securing dressings, tubing, and devices in both clinical and home care settings.

Features & Benefits:

- Transparent design allows easy wound monitoring
- Gentle, hypoallergenic adhesive for sensitive skin
- Secure hold with clean, residue-free removal
- Breathable and flexible for patient comfort
- Easy hand-tear design for quick application
