

Antiseptic Wound Cleanser

ProCure Antiseptic Wound Cleanser is a pH-balanced first aid antiseptic spray formulated with 0.13% Benzethonium Chloride to help cleanse and protect minor cuts, abrasions, wounds, and burns. Its gentle antiseptic formula helps prevent skin infections while effectively removing exudate, debris, and surface contaminants. The mild, non-irritating formula supports routine wound care and is suitable for clinical, first aid, and home use.

**Easy Spray
Application**

**Gentle &
